

STORYBOARD ONE: Feeling homesick and away from his community, having transitioning problem to a new culture. Trying to find people from his community who can help him know things better and feel like home away from home.

Figure 1: Confused lonely, not sure how to spend his weekend. Missing his family back in India.

Figure 2: Searches for club nights but, is sick of American EDM music!

Figure 3: Goes to the "Student Helper" app and tries to find events and a community with whom he can spend time with.

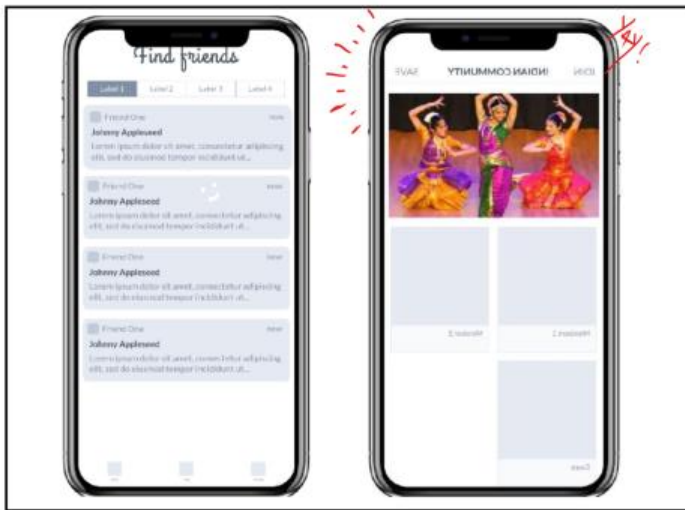

Figure 4: Uses find friend & community feature to complete his weekly module. Finds a Indian community!

Figure 5: Finds people in the community who have similar interest and can help him learn more about American culture as they have been in US since a long time. Hangs out with them and have a lovely time!

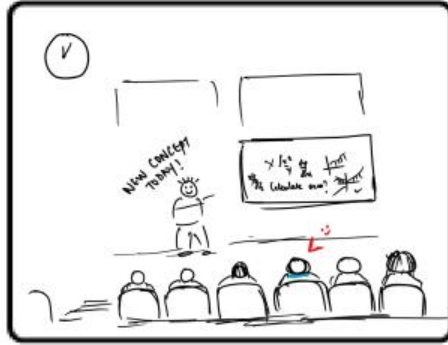

Figure 6: Active on the community forum and reflects his thoughts. When doubt, ask questions within the community!

STORYBOARD TWO:

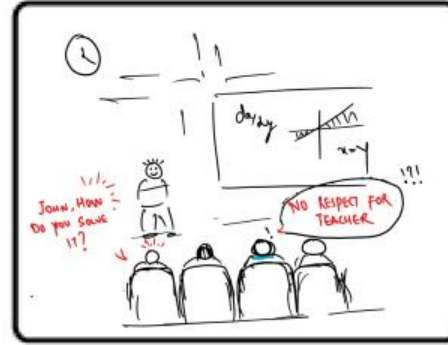

User is new to the country and is unaware of American lingo and culture. My downloading the app, user can be paired with American students/people who the user can hangout with to know more about the culture and language. This way the user can easily blend in the culture and society and make new friends at the same time!

Going to Campus!

Exited To Learn New Things

NEW CLASS CULTURE ; CULTURAL SHOCK

NEW TO AMERICAN LINGOS ;

CONFUSED!
DOWNLOADS THE APP

MODULE: MEET NEW PEOPLE FROM AMERICA

MEET FOR DINNER. Talks & Hangs out often afterwards.
Helps User Blend In American Culture
